

Odors Eliminated, Zero Alcohol, Zero Fragrance!

Use with Confidence

Using 21st century nanotechnology, when sprayed on any surface **FRESH™** permanently eliminates odors by encapsulating and degrading the odor within the **FRESH™** molecule. For use when permanent odor elimination is necessary without harm to people, pets and surfaces.

Simply spray **FRESH™** directly on the source of offensive odors and eliminate them without harmful chemicals.

FRESH™ neutralizes odors on all surfaces on contact and will not harm fabrics or material.

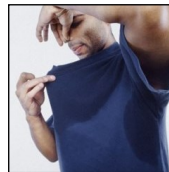

Benefits
